WHY OUR PROGRAMS MATTER

Community members of Sonyen are able to feed their families with the funds that are received on a monthly basis. Families in Port au Prince also benefit from our food distribution program, Men Kontre (Helping Hands).

Meet one of our students, Manaëlle from Port au Prince! Students of the Young Dreams Sponsorship Program (YDSP) are doing well. The average grade from recent report cards is about a 7 out of a grading scale of 10!

Rosemonde L. is a parent of one of our sponsored students, Rose J., and is grateful that her daughter is able to attend school through the YDSP.

Meet Rose, she is Rosemonde's daughter and one of our great students in the YDSP!

We brought water filters that are stationed in Port au Prince ready to be distributed and installed for the community of Sonyen
